

ARTY

Kronberg Oak & Verdigris

The inspiration for the "Arty" collection comes from the Japandi trend, which combines influences from Scandinavian decor with a Japanese feel.

ARTY

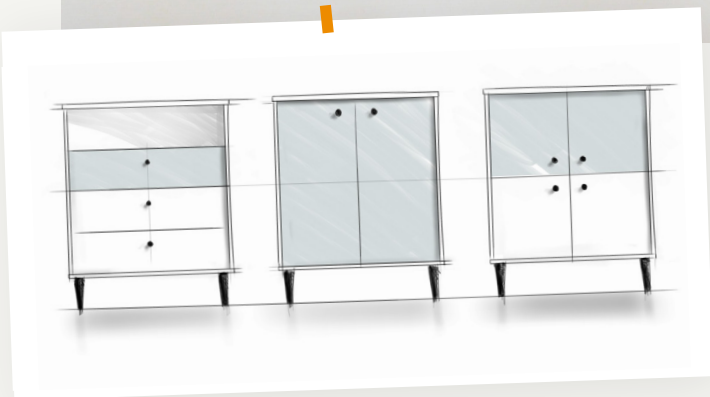

Kronberg Oak & Verdigris

The Japandi trend

Our designer says

This color version in the “Arty” collection is inspired by the Japandi trend, which combines influences from Scandinavian decor with a Japanese feel.

The Kronberg light wood color associated with the Verdigris shade embodies the natural, soothing gentleness of the Japandi style

The tapered feet and small black knob handles give the «Arty» furniture items a modern and elegant feel, so they look good in any home.
